Access Guide
StackRoute's Tools and Platforms

Tools and Platform

LMS- Learning Platform

Gitlab – Source Code Management Platform

Slack – Collaborative Platform

LMS

On our Learning Management System, learners can enjoy a seamless experience with a range of features designed to support their learning journey. They can view a personalized dashboard, access their enrolled courses, and stay organized with their learning calendar. Recorded sessions are available for review, and an integrated chatbot is on hand for instant support. Learners can provide feedback directly on the portal, enhancing their experience and contributing to continuous improvement.

LMS– Landing Page

TOOLS

Click the **Tools** drop-down menu to view the available tools for the batch that is selected.

Profile Menu

Click the **Profile** drop-down menu. It has the following menu options:

1. **My Profile**: View your profile details
2. **Learning Points**: View the learning points you earned for the courses
3. **Support**: Get academic support, Gitlab support and emergency tech support
4. **Change Password**: Change your password. Connect with Client Admin if you are facing any issues with changing the password.
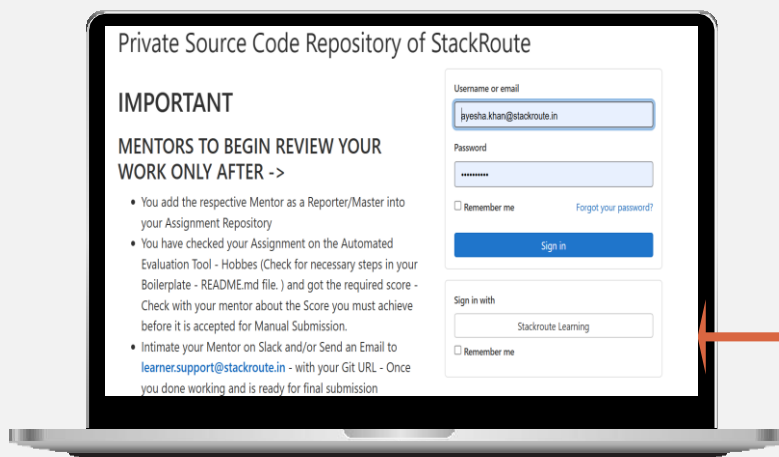

Today's Session

Today's Session section displays all the sessions scheduled for the day. The learner will get a JOIN button to click and join the session directly from the Dashboard.

To view the upcoming sessions, click either the VIEW ALL link, Sessions tab or calendar icon.

Gitlab

Gitlab is our Private Source Code Repository platform where learners get access to assignments and can create new Project(s) to push and maintain the Source code.

You can also provide access to your Mentor to get your Source code reviewed.

Private Source Code Repository of StackRoute

IMPORTANT

MENTORS TO BEGIN REVIEW YOUR WORK ONLY AFTER ->

- You add the respective Mentor as a Reporter/Master into your Assignment Repository
- You have checked your Assignment on the Automated Evaluation Tool - Hobbes (Check for necessary steps in your Boilerplate - README.md file.) and got the required score - Check with your mentor about the Score you must achieve before it is accepted for Manual Submission.
- Intimate your Mentor on Slack and/or Send an Email to learner.support@stackroute.in - with your Git URL - Once you done working and is ready for final submission
